[Project No. 2731 Vermont]

Central Vermont Public Service Corporation; Notice of Intent To File an Application for a New License

June 14, 1995.

Take notice that the Central Vermont Public Service Corporation, the existing licensee for the Weybridge Hydroelectric Project No. 2731, filed a timely notice of intent to file an application for a new license, pursuant to 18 CFR 16.6 of the Commission's Regulations. The original license for Project No. 2731 was issued effective January 1, 1951, and expires May 31, 2000.

The project is located on the Otter Creek in Addison County, Vermont. The principal works of the Weybridge Project include a 30-foot-high concrete gravity dam with the west section having a 150-foot-long spillway as well as a Taintor gate and flashboards and the east section a 110-foot-long spillway; a reservoir with an area of about 60 acres at 174.3 feet m.s.l.; a wasteway and a powerhouse intake structure; a concrete powerhouse containing a 3,000-Kw generator; generator leads, step-up transformer, transmission line and substation; and appurtenant facilities.

Pursuant to 18 CFR 16.7, the licensee is required henceforth to make available certain information to the public. This information is available from the licensee at 77 Grove Street, Rutland, Vermont 05701.

Pursuant to 18 CFR 16.8, 16.9 and 16.10, each application for a new license and any competing license applications must be filed with the Commission at least 24 months prior to the expiration of the existing license. All applications for license for this project must be filed by May 31, 1998.

Lois D. Cashell,

Secretary.

[Docket No. CP95-109-000]

CNG Transmission Corporation; Technical Conference

June 14, 1995.

Take notice that on June 29, 1995, at 10:00 am, the Commission Staff will convene a technical conference in the above captioned docket to discuss *non-environmental* issues raised by the intervenors and protestors and engineering questions raised by the Commission Staff related to the proposal of CNG Transmission Corporation to construct and operate approximately 4.73 miles of pipeline loop known as the TL-470, Ext. 5 Project to be built in the Albany area of Schenectady County, New York.

The conference will be held at the offices of the Federal Energy Regulatory Commission, 810 1st Street NE, Washington, DC 20426. All interested parties are invited to attend. However, attendance at the conference will not confer party status.

For further information, contact George D. Dornbusch (202) 208-0881, Office of Pipeline Regulation, Room 7102C; or Theresa H. Cooney (202) 208-0418, Office of General Counsel, Room 4300, 825 North Capitol Street NE, Washington, DC 20426.

Lois D. Cashell,

Secretary.

BILLING CODE 6717-01-M

[Project No. 420 Alaska]

City of Ketchikan, AK; Notice of Intent To File an Application for a New License

June 14, 1995.

Take notice that the City of Ketchikan, Alaska, dba Ketchikan Public Utilities, the existing licensee for the Ketchikan Lakes Hydroelectric Project No. 420, filed a timely notice of intent to file an application for a new license, pursuant to 18 CFR 16.6 of the Commission's Regulations. The original license for Project No. 420 was issued effective June 1, 1982, and expires June 30, 2000.

The project is located on the Ketchikan Creek within Tongass National Forest on Revillagigedo Island, Alaska. The principal works of the Ketchikan Project include two rock-filled dams, one 1,163 feet long and 30 feet high and the other 385 feet long and 22 feet high, also a concrete diversion dam, 30 feet long and 12 feet high; two 290-acre storage reservoirs; various connecting tunnels, pipelines and penstocks; a powerhouse with an installed generating capacity of 4,200

Kw; generator leads, generator bus, a substation and switchyard; and appurtenant facilities.

Pursuant to 18 CFR 16.7, the licensee is required henceforth to make available certain information to the public. This information is available from the licensee at 2930 Tongass Avenue, Ketchikan, Alaska 99901.

Pursuant to 18 CFR 16.8, 16.9 and 16.10, each application for a new license and any competing license applications must be filed with the Commission at least 24 months prior to the expiration of the existing license. All applications for license for this project must be filed by June 30, 1998.

Lois D. Cashell,

Secretary.
